(04) Define Business Intelligence. What is the need for Business Intelligence in modern trade?

ONYX is a leading cloud based website development portal which enables users to develop their own websites and platforms for business. It is a rapidly growing company with a very large customer base. The company required an analytics and reporting tool that could analyze and manage huge volumes of data and that too quickly. It also wanted to monitor the customer conversion, usage pattern and behavior. Discuss how Business Intelligence can help ONYX to grow.

Q5) In this increasingly competitive age, managing and retaining customer is the key to business success. How can Business Intelligence be used in CRM to gain competitive advantage?

OR

Modern Organized retail trade in India is on the growth trajectory. Explain how BI Tools can be used in the Retail Trade(Supply Chain).
